Clarification Package - Request For Proposals

STRUCTURED CABLING AND LOW-VOLTAGE DEVICE INSTALLATION
Shoreline Family Health Care

1. #5 in Scope of Work states quantity of 4 drops in each of the rooms listed, however, the print shows 1, 2 and 4 drops in red. Do we go by the print, or #5 description? The Print; the number of drops indicated at each location on the drawing supersedes the written note
2. Are we supplying the WAPs? If so, what make/model? No, WAPs are not in the cabling vendor scope
3. Are we supplying the overhead speakers? No, the speakers are not in the cabling vendor scope
4. Are we supplying the monitors in #8? Are we mounting the large monitors? No, neither the monitors nor the brackets are in the cabling vendor scope; final location of the feeds for the monitors (hgt on wall) will be coordinated in the field
5. In room 153 Mail/copy room there are 2 data symbols with 3 red number 2’s in the room. Is that 3-2 drop locations or 2-2drop locations? A data symbol is missing: provide 3 drops with 2 ports in each, plus one wall phone drop
6. All access point indicate one cable except room111,112 IOP/group rooms indicate 2 drops for each access point, is this correct? Correction: ALL WAP locations should receive 1 (one) drop
7. Is the low-voltage contractor to install the card readers and keypad cables for the owner’s security vendors? No security devices are included in the cabling vendor scope
8. #4 states install 4 post rack ‘as shown on attached diagram’. We need the diagram as it wasn’t attached. Missing RFP attachments are included in this clarification package

Additional Scope at Pharmacy Space
Additional requirements for cabling within the pharmacy space are attached to this clarifications package. Requirements include: 10 lines in adjacent wall to be terminated in millwork/work counter; 2 drops on sink wall as shown on the original location drawing; 7 lines to be run and coiled above ceiling for future camera installation; 20 additional lines, termination locations TBD; 1 WAP as shown on the original location drawing.

Response Due Date Extension
The deadline for proposal submission has been extended. Proposals must be received by 12:00PM Eastern Daylight Time on Friday September 6, 2019 in the Administrative Offices of Fair Haven Community Health Clinic, Inc., 374 Grand Avenue, Fair Haven, CT 06513, Attention: Camila Rubino, R.N, MSN, V.P of Operations, Fair Haven Community Health Clinic, Inc.

Proposals may be either in hard copy or by email c.rubino@fhchc.org.
